*The **Help Increase the Peace Program (HIPP)** began in Syracuse, NY in 1991 through the **American Friends Service Committee's Youth Empowerment Project**. Since that time, HIPP has expanded to 19 states working with youth and the adults in their lives to reduce violence and intolerance in schools and communities. Youth Coordinator Kathy Hersh has lead many HIPP workshops and is a member of the Florida Safe Schools Coalition, which is working with legislators to create effective bullying prevention legislation.
